

For Freedom Christ Has Set Us Free
Free to Grow
Galatians 4:8-31

Many things in this world try to steal our joy. We are inundated with bad news. The whole concept of fake news makes us uneasy and distrustful. Certain events and even certain people have the potential to rob us of our joy. So how do we keep that from happening? How do we retain the joy of our salvation?

1. We are free to _____

2. We are free to _____

3. We are free to _____

Christian living is about Christ showing Himself from inside of us. Are we showing, yet? Is Christ showing in us or are we more concerned with producing our own image or a pre-fabricated image of what the culture thinks we should produce? May God help us to be a people who are not satisfied until Christ is formed in us, until we take on the shape of Christ.
