

Savior Supreme  
Our Identity in Christ  
Colossians 2:9-14

We have all been through seasons of our lives when we have tried to figure out who we are. More often than not, we looked around at the people nearest us and tried to define ourselves by being like the people around us. We were searching for our identity.

1. We have been \_\_\_\_\_ by the gospel
  - A. We are \_\_\_\_\_ with Christ in \_\_\_\_\_
  - B. We are \_\_\_\_\_ with Christ through \_\_\_\_\_
2. We have been \_\_\_\_\_ by the gospel
  - A. Our sins have been \_\_\_\_\_
  - B. Our record of rebellion is \_\_\_\_\_
  - C. Our sinful nature is \_\_\_\_\_ to the cross

Jesus has done everything needed in order for us to live in Christ and for Christ. In the gospel, we are given the power to obey. In the gospel, we become something new. In the gospel, we find our identity and we realize that by faith our identity, our value, our worth, and our mission are given to us so that we may serve for the glory of Christ and His kingdom.

Reflection

Consider the things that you value the most. How much do you allow those things to define you? Do you speak with others about the value that you find in Christ, or do you find that your conversations are more about jobs, families, political interests, and other things that the world uses to define us? What are some immediate steps you can take to begin to really understand what it means to live “in Christ?”
