

Leviticus: A Call to Holiness
Holiness in Relationships
Leviticus 19-20

We can all look back at a time when we were tempted and sinned. Maybe it was anger with a family member, pride, stretching the truth, lust, or coveting the things of this world instead of the things of God. Whatever the sin, the question is still the same—if God has called us to be holy, how can we sin so easily?

Holiness is a condition of our hearts _____ by God
and a way of acting _____ by us.

1. Holiness is _____ in a relationship with God
2. Holiness is _____ in our relationships with people
3. Holiness _____ living by distinction

When God spoke to the people of Israel in the Sinai wilderness, He called them to be holy because He is holy. He says the same thing to us. He calls us to holiness through the finished work of Christ and then empowers us to be holy through the ongoing presence and power of His Holy Spirit.
