

Revelation: The Promise of Glory
Worship in the Midst of Wrath
Revelation 15:1-8

We love detective dramas because in a fictional world the perpetrator is always caught, and justice is always done. But we live in a world where it seems that, by and large, evil triumphs: criminals escape justice, corporate greed goes unpunished, war crimes are forgotten. The book of Revelation offers hope for those longing for justice in an unjust world.

One day all the saints throughout all of history will rejoice together in the song of the redeemed. We will stand in the fullness of God's glory and worship in a way that is beyond anything we can imagine. In the meantime, we remember and rehearse the gospel that makes that future day possible for those who believe.
