

Revelation: The Promise of Glory
Hallelujah Choruses
Revelation 19:1-21

From Babel to Babylon to Rome to now, people considered themselves the center of the universe. Our culture seems to think it can do better than God when it comes to creating a society of utopia and civility. In fact, the culture often blames a belief in God for the world's problems. The church is called to testify to the glory of God in world that seeks to glorify itself.

Man-centered _____ will be overcome
by God-centered _____.

1. God orchestrates history to _____ His glory.
2. God ordains His people to _____ His glory.
3. We will _____ the splendor of the Father.
4. We will _____ the supremacy of the Son.

Because of the cross of Christ, we have the God-given chance to overcome destructive worldliness in us. God invites us by faith to come into His presence and worship Him. The Lord God Omnipotent reigns, not just over the cosmos but in the hearts of those who have trusted in the finished work of Christ.
