

Back to Obedience: The Secret of Living by Faith
A Faith that Brings Victory
Genesis 14:1-24

God wants us to mature in every area of life, but maturity doesn't come easily. There can be no growth without challenge, and there can be no challenge without change. If circumstances never changed, everything would be predictable, and the more predictable life becomes, the less challenge it presents.

1. Abraham was a passive watchman.
2. Abraham was a courageous warrior.
3. Abraham was a humble worshiper.

Abraham was both prompt and proportionate in his giving. He gave because he loved God and wanted to acknowledge His greatness and His goodness. We worship with our voices, our finances, our time, and our obedience because God deserves all the worship and all the praise of all His people. We worship as a demonstration of our faith, a faith that overcomes the world.
